

Good/Better/Best Solution

Good Solution

- Stellar SR2 Door with four aluminium panels - door and sidelights as per plan

Capri Handle

Better Solution

- Stellar SR9 Door with vertical tongue & groove - door and sidelights as per plan

Plymouth Handle

Best Solution

- Stellar SR10 Door with glass panels in a vertical tongue & groove woodgrain powdercoat - door and sidelights as per plan

Century Handle

Stellar Doors will not shrink, split, leak, swell, or warp and don't require frequent painting. They are made from extruded aluminium to withstand extreme New Zealand weather conditions.
